SECRET/CONTROL/US OFFICIALS OFLY	
2	25X

(4)	The construction of an auxiliary runway with steel landing make
	was anticipated after the arrival of the mats. Several reports on
	the storage of steel mats were previously received from Binderaleba
	airfield, such shipments 25X
	went to an air force construction wit
	in Leipzig. The reported size of the area covered with steel wats
-	appears too great.
